Subject: FW: NAS Mechanistic Workshop
Attachments: NAS Mechanistic Posters Request for Posters (EPA Staff Only) 10-1-18.xlsx

Sharing with RTP management and a few who I know plan to attend the NAS Mechanistic Data meeting in December. After looking this over, we can discuss whether or not others should be encouraged to attend. It butts up with the PM CASAC meeting and would be relatively inexpensive for many EMAG folks to attend.

Hi Steve – See the attached file that I just sent over to the NAS with all the abstracts and titles. Let me know if you need anything else.

Hi Dahnish,
Jen and Mike told me their abstracts were accepted for the NAS Mechanistic workshop. Do you have a list of all the accepted poster titles that we can see? I'm particularly interested since several folks from EMAG will be up in DC that week for the CASAC meeting and, depending on topics being discussed, I might want to encourage some to arrive early for the NAS meeting. Any info on the discussions or presentations would be helpful.
Thanks,
Steve
